Case: 13CV0221 Moved from Circuit Court to Federal Dane Case:2013cv000221
October 27, 2013, Pg.1

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF WISCONSIN

SUSAN ANN SANDS WEDEWARD Cause No. Unclassified 30703

Petitioner,

Petition For: Large Civil Claim

V.

University Hospital and Clinics and Medical Foundation, Spine Clinic and Pain Clinic

Defendant, CASE NO: 13CO632

This is a recap for the Court, this was first filed in the Dane County Circuit Court as Case No: 2013cv000221, January 19, 2013. It was DISMISSED by the Honorable Richard G. Niess, stating that it had not been served correctly. It was than moved to the Federal Court to take the Claim all the way against the Hospital and Staff on September 11, 2013. The Honorable Barbara Crabb Dismissed the original claim and gave the Plaintiff a second opportunity to state the claim.

I will proceed with the Statement of the Claim; the case is time barred against the University Hospital and Clinics and Staff for Medical Malpractice. Linked to this Claim is the Civil Lawsuit against the National Mail Handlers Union which is scheduled for trial next year, Case No: 13-cv-100-bbc. Their are other cases linked to this case and I will list them for you now, Social Security 12-cv-491-bbc, Attorney Kathy Riley SC Case No: 2013sc000813, Attorney Barbra Hayden Case No: 2013sc000814, Dean Clinic Case No: 13cv0215, Group Health Cooperative Case No: 13cv0220, Meriter Hospital Case No: 13cv0216, Broadspire Case No: 2013cv000218, Judith Hoffman RN Case No: 2013cv000217, The United States Postal Service EEOC Case No:12-cv-266-bbc These cases all involve the on the job injury, Workers Compensation, Divorce, Bankruptcy, Social Security, Civil, Monetary, EEOC.

Future lawsuits are being filed against Judith Hoffman and Broadspire, Dr. Eric Knudesen, Raina Haupt Leer PAC, Dr. Nathan Rudin, Dr. Karen Berger, Office of Workers Compensation, William Wedeward, Pam Davenport, Barb Hayden.

This claim is SERIOUS, Statue 940.03 Felony murder. I am suing for attempted murder at UW Hospital Spine Clinic in January of 2007, against Ms. Raina Haupt Leer. I am also suing for attempted murder against Dr. Nathan Rudin from May 07, through November 08 to present. Susan Sands Wedeward injury on October 29, 2006 was no accident but rather a set-up of materials and staff while at work on the work floor to cause a catastrophic spine injury. It was being followed and paid by William Ernest Wedeward and the BIAS group, Pamela Lynn Davenport and the whole Wedeward Family. The reason that these previous listed individuals were a part of this entire situation, was an invention of a Utility Patent 699,1009; a portable work surface for hand held tools. The injury occurred on October 29, 2006 while working on the small parcel bound el sorter and sweeping the mail handler side lifting sacks for small towns full of Christmas Wish Books. Susan Sands Wedeward was seen in the ER at Meriter and sent home to bed and told to see her primary in the next two days to have an MRI and a CT scan. Ms. Sands Wedeward followed his instructions and was seen the very next day, neither test was performed. Ms. Sands Wedeward was out for ten weeks and tried to return to work twice with no improvement and pulled out. Test done on January 22, 2007 showed a possible mild compression fracture of T5. Group Health Cooperative referred Mrs. Wedeward to the UW Spine Clinic to see Raina Haupt Leer PAC to make a determination of the severity of the injury. Ms. Haupt Leer was the next door neighbor to Ms. Pamela Lynn Davenport who owns a house that her children currently live in at 348 Woodland Circle Madison, WI 53704. Ms. Haupt Leer lived at 352 Woodland Circle Madison, WI 53704. Ms. Pamela Lynn Davenport currently lives at 1517 Comanche Glen Madison, Wi 53704. Ms. Pamela Lynn Davenport still owns both house at both address. Ms. Pamela Lynn Davenport told Ms. Sands Wedeward while still friends shortly after Ms. Sands Wedeward forced return to work in February of 07 that she was Raina Haupt Leer neighbor and had talked to Raina about your injury in the yard outside. Pam said that "Raina says their is nothing on your test and their is nothing wrong with you". Ms. Pamela Lynn Davenport told Raina to return Susan to work to make her lose her job and they would pay her from the money for the tool. Ms. Pamela Lynn Davenport told Raina that they were selling stock and that they would pay for all of this. I can prove in Federal Court that Raina Haupt Leer told the Office of Workers Compensation that I did not have any proof of an injury and tried to act as if though I had a second injury to help the individuals listed in this document. I am charging Ms. Raina Haupt Leer with 940.03 attempted murder to gain financially and or to force me to commit suicide. These same two women than told everyone that Susan Ann Sands Wedeward has cancer. Susan does not have cancer.

They also put in fake mental health records with Delusional Disorder on them and OCD. Dr. Nathan Rudin said "Raina Haupt Leer is the person that did this to you and I cannot change things for you". Dr. Rudin was involved from simply a phone call to William Ernest Wedeward. These Doctors did not want to cure me or treat me but rather wanted to cause my death any way they could. This case is about taking a bribe for murder based on a life threatening injury.

I must be paid from all claims a sum of twenty million after taxes, this sum will cover all loses, pain and suffering, future medical, payment to my two children, one who is type one juvenile diabetic, payment to my Mother for all her suffering. This sum will eliminate Social Security and any OWCP payment, it will cover all future medical treatment and living cost. It will be complete compensation and if not paid in the Western Federal Court in Dane County, Madison WI. It will move to the higher court and increase to forty million to seventy million, sum certain.

This case is based on Medical records, test including the original x-rays, MRI, Bone Scan, CT, old EMG and new EMG. It is also based on witnesses at the Postal Service, medical staff, family, documentation already written by the individuals listed in this complaint. There is no statue of limitation on attempted murder and it had nothing to do with workman's compensation or medical malpractice it was compensation to cause Susan Ann Sands Wedeward death for personal gain. This is against the law and the State of Wisconsin must punish all individuals found guilty in the trial and the removal of any license held in the State of Wisconsin.

Raina Haupt Leer did not know me, or she would have known my inner strength comes from GOD.

I look forward to a trial and law enforcement charging for a crime already committed.

Sincerely,

Susan Ann Sands Wedeward
